

SULTRAQUA

WATER AND STAIN REPELLENT

For use in Perchloroethylene, Hydrocarbon and HiGlo Solvents

Application

SULTRAqua is to be used in a spray process in a closed dry cleaning machine. This should not be dosed manually or sprayed outside an enclosed machine.

Properties

Gives excellent water and oil repellency for all Textiles and leathers. Gives a soft handle. Simple and economical to use.

Use instructions

Use 30mls of SULTRAQUA per 1 kg of work. Dilute one part SULTRAQUA to 4 parts solvent and spray onto the rotating work in 3 equal amounts. Following the addition let the work tumble for 5-8 minutes without fan or heat, then dry without a final spin.

Physico-chemical properties

Appearance: Clear liquid

Density: 0.77 to 0.79 g/ml

Solubility: Soluble in Perchloroethylene, Hydrocarbon and HiGlo solvents.

Flash point >61deg C

Composition & Safety

Hydrocarbon solvent > 75%

Meets European directives on the classification, packaging and labelling of dangerous chemical substances and preparations.

Storage

Use above 5°C. Store above 0°C

Packaging

Canister 9 kg
