

## SULTREX HI

UNIVERSAL PRESPOTTING AND PREWASH AGENT FOR USE IN HiGlo Solvent

### Application

SULTREX HC is used undiluted for pretreating heavily soiled garments before they are cleaned in HiGlo solvent

### Properties

SULTREX HI rinses out easily during the cleaning process.

It increases the cleaning effect on both water based and oil based soiling.

It can be applied with a spotting brush or spray

Sultrex HI does not contain any boiling point reducing components

### Instructions for use

Apply SULTREX HI to the heavily soiled areas by brushing-in or spraying.

As a prewash cleaning booster SULTREX HI is added into the 1<sup>st</sup> bath at 2-3 mls per litre of solvent then in the 2<sup>nd</sup> bath with the addition of SULTRASOFT HI or SULTRASOFT DEO HI at 2 mls per litre.

Because SULTREX HI is a concentrated product, be cautious with sensitive colours. For delicate items we advise the use of SULTRASPOT SOFT

### Physico-chemical properties

Appearance: Clear amber liquid.

pH-value (1%): 6/8

Density 1.01 kg/l @20°C

Solubility: Soluble in Hydrocarbon and water

### Composition & Safety

Anionic surfactants 20%

Non-Ionic surfactants 25%

Meets European directives on the classification, packaging and labelling of dangerous chemical substances and preparations.

### Storage

Use above 5°C. Store above 0°C

### Packaging

Canister 10KGS
