

SULTRASOFT DEO HI

Fresh cleaning enhancer for use in HiGlo Solvent

Application

SULTRASOFT DEO HI has been specially developed for cleaning textiles in HiGLO solvent. It contains fragrance and special additives for hygienic fresh finish.

Properties

SULTRASOFT DEO HI does not contain any boiling-point reducing components.

It has excellent detergency and bulking effect.

Static is reduced and the cleaned goods are given a soft texture.

Sultrasoft DEO HI also gives a Hygienic finish

Use instructions

Optimal action of Sultrasoft DEO HI is obtained with a 2-bath method, in which the first wash bath is continuously distilled.

The addition of Sultrasoft DEO HI is 2 ml per litre of solvent (bath and filter content)

SULTRASOFT DEO HI is not suitable for prespotting. For Prespotting use SULTREX HI.

Physico-chemical properties

Appearance: Clear amber liquid.

Flash point > 60 °C

pH-value (1%): 6/8

Solubility: Soluble in HiGLO solvent

Composition & Safety

Cationic surfactants 15%

Non-Ionic surfactants 30%

Meets European directives on the classification, packaging and labelling of dangerous chemical substances and preparations.

Storage

Use above 5°C. Store above 0°C

Packaging

Canister 19kg
